

**1. Product and company Identification**

Product names: Myoview N166  
 Synonyms: Tetrofosmin  
 Application: Diagnostic imaging products for injection into humans  
 Supplier: GE Healthcare Limited, The Grove Centre, White Lion Road, Amersham, Bucks, UK  
 Telephone: +44 (0)1494 544000 Fax +44 (0)1494 543588

**2. Composition/information on ingredients**

Composition: White freeze dried powder  
 Contents: Low toxicity components at mg level in 10ml and 30ml glass vials  
 CAS No.: Mixture, Not applicable

**3. Hazards identification**

Emergency overview: Not considered to be hazardous  
 Hazard classification: Not applicable

**4. First-aid measures**

Skin contact: Wash thoroughly with soap and warm water  
 Inhalation: First aid not required  
 Eyes: Rinse eyes with water  
 Ingestion: First aid not required  
 Information to medical personnel: Not applicable

**5. Fire-fighting measures**

Flammability: Not applicable

**6. Accidental release measures**

Personal protection: None required  
 Clean up procedures: Clean up with moist cloth beware of broken glass  
 Environmental precaution: None required

**7. Handling and storage**

Handling precautions: None required  
 Storage conditions: Store upright in original vials at +2 to +8°C protect from light

**8. Exposure controls/personal protection**

Ventilation: None required when not reconstituted with radioactive material  
 Protective gloves: None required when not reconstituted with radioactive material  
 Eye protection: None required when not reconstituted with radioactive material  
 Protective clothing: None required when not reconstituted with radioactive material

**9. Physical and chemical properties**

Appearance, colour: White Freeze dried solid in glass vial  
 Odour: None Specific gravity: Not applicable  
 Melting point, °C: Not applicable Boiling point, °C: Not applicable  
 Decomposition temperature, °C: Not applicable Decomposition products: Not applicable  
 Solubility: Readily soluble in water pH: Not applicable

**10. Stability and reactivity**

Stability: Stable

Reactivity: Not applicable

**11. Toxicological information**LD<sub>50</sub>: Low toxicity material Acute Effects: Not applicable at this concentration

Local Effects: Not applicable at this concentration Inhalation Effects: Not applicable at this concentration

Sensitisation: Not applicable at this concentration Other Effects: Not applicable at this concentration

**12. Ecological information**

Environmental Fate: Not applicable at this concentration Environmental Toxicity: Not applicable at this concentration

Biodegradability: Not applicable at this concentration Bioaccumulation potential: Not applicable at this concentration

**13. Disposal consideration**

Clean-up procedure: Clean up with moist cloth beware of broken glass

Waste disposal method: Normal waste route if non-radioactive

**14. Transport information**

ADR Classification: Non Hazardous

Transport conditions: For the shipment from warehouse to the end user, transport at -20 to 8°C in temperature controlled packaging, The sales pack must never be used as the only distribution/transportation pack. Ensure packages are not subject to prolonged exposure to sunlight. For shipment from the manufacturer to stockholder, transport in temperature controlled packaging or temperature controlled vehicle at -20 to 8°C.

**15. Regulatory information**

Health Hazard Classification: Not applicable

Fire and Explosion Hazard Classification: Not applicable

Environmental Hazard Classification: Not applicable

R-phrases: Not applicable S-phrases: Not applicable

**16. Other information**
