# Repatha® Safety Data Sheet

Date Issued 20-Jan-2017

## 1. IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERSTANDING

### 1.1 Product identifier

**Product Name:** Repatha®  
**Common Name:** Evolocumab  
**Chemical Name:** Not applicable  
**Synonyms:** AMG 145

### 1.2 Relevant identified uses of the substance or mixture and uses advised against

**Recommended Use:** Pharmaceutical  
**Uses advised against:** No information available

**Manufacturer:** Amgen Inc.  
One Amgen Center Drive  
Thousand Oaks, California 91320-1799  
1-805-447-7233  
1-805-447-1000

**Emergency Telephone Number:** Chemtrec  
NORTH AMERICA 1-800-424-9300,  
INTERNATIONAL 1-703-527-3887

## 2. HAZARDS IDENTIFICATION

### Emergency Overview

Pharmaceutical product intended for clinical and manufacturing purposes only. Product contains evolocumab, an active pharmaceutical ingredient for treatment of hypercholesterolemia. Dosage contents may post a health hazard only if significant absorption occurs (e.g. inhalation after a major spill or leak). Avoid inhalation, skin contact, eye contact, and accidental ingestions. Does not meet GHS classification criteria and therefore is not classified.

### 2.1 - Classification of the drug substance or mixture (drug product in final form, not applicable) REGULATION (EC) No 1272/2008

Does not meet GHS classification criteria and therefore is not classified.

**Classification according to EU Directives 67/548/EEC or 1999/45/EC**  
*For the full text of the R phrases mentioned in this Section, see Section 16*

### 2.2 Label elements

Does not meet GHS classification criteria and therefore is not classified.

### 2.3 Other Hazards

No information available

# Repatha® Safety Data Sheet

Revision Number: 8

Date Issued 20-Jan-2017

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

### 3.1 Substances

**Ingredients:** See below

**Chemical Name:** Not applicable

**CAS-No:** 1256937-27-5

Each prefilled syringe and prefilled autoinjector pen contains 140 mg/mL evolocumab and each prefilled cartridge for the on-body infuser contains 120 mg/mL of evolocumab with the following:

	<b>CAS Number:</b>	<b>Amount</b>
Proline	7005-20-1	220 mM
Acetate	127-09-3	20 mM
Polysorbate 80	9005-64-6	0.01% (w/v)

## 4. FIRST AID MEASURES

### 4.1 Description of first-aid measures

**Eye Contact:** In the case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

**Skin Contact:** Wash off immediately with soap and plenty of water removing all contaminated clothes and shoes. Consult a physician if necessary.

**Inhalation:** Move to fresh air. If symptoms persist, call a physician.

**Ingestion:** If symptoms persist, call a physician. Do not induce vomiting without medical advice. Never give anything by mouth to an unconscious person.

**Notes to Physician:** Treat symptomatically.

## 5. FIRE-FIGHTING MEASURES

### 5.1 Extinguishing media

**Flammable Properties:** No information available.

**Extinguishing Media:** Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

### 5.2 Special hazards arising from the substance or mixture

**Hazardous Combustion Products:** No information available.

### 5.3 Advice for firefighters

**Protective Equipment and Precautions for Firefighters:** As in any fire, wear self-contained breathing apparatus pressure-demand, NIOSH (approved) and full protective gear.

Revision Number: 8

# Repatha® Safety Data Sheet

Date Issued 20-Jan-2017

## 6. ACCIDENTAL RELEASE MEASURES

### 6.1 Personal precautions, protective equipment and emergency procedures

**Spill Procedures:**

If material is released or spilled, cordon off spill area. Take proper precautions to minimize exposure by using appropriate personal protective equipment in cleaning up a spill. If in powder form, wet down spilled material to minimize airborne dispersion. Soak up material with absorbent e.g., paper towels, and wash spill area thoroughly with appropriate cleaning materials. Dispose of collected material in accordance with applicable waste disposal regulations. Avoid release to the environment.

## 7. HANDLING AND STORAGE

### 7.1 Precautions for Safe Handling

**Handling and Storage:**

Avoid contact with skin, eyes or clothing. Do not eat, drink or smoke in work areas. Use adequate ventilation to minimize exposure. Wash hands, face and other potentially exposed areas immediately after handling this material. Remove contaminated clothing prior to entering eating areas. Clean protective equipment thoroughly after each use. Store in a well ventilated area.

## Safety Data Sheet

Revision Number: 8

Date Issued 20-Jan-2017

### 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### 8.1 Control parameters

**Occupational Exposure Limit:** No exposure guidelines established by ACGIH, NIOSH or OSHA. Amgen recommends an occupational exposure limit (OEL) of 140 µg/m<sup>3</sup> as an 8-hour time weighted average over a 40-hour work week. The OEL is designed as an acceptable airborne concentration of a substance for which it is believed that workers may be repeatedly exposed day after day without adverse health effects. Repatha® has been classified per Amgen's Hazard Classification System as an Occupational Exposure Band 2 compound (100 µg/m<sup>3</sup> - 1000 µg/m<sup>3</sup>).

**Engineering Controls:** When practicable, handle material in enclosed processes or in processes with effective local exhaust ventilation or within a chemical hood.

#### 8.2 Exposure controls

##### Personal Protective Equipment

**Eye/face Protection:** Wear safety glasses with side shields, chemical splash goggles, or safety glasses with side shields and a full-face shield to prevent contact with eyes. The choice of protection should be based on the job activity and potential for exposure to the eyes and face.

**Skin Protection:** Use gloves or other appropriate personal protective equipment if skin contact with formulation is possible. Wear lab coat or other protective over garment if splashing is possible. The choice of protection should be based on the job activity and potential for skin contact.

**Respiratory Protection:** When possible, handle material in enclosed processes or containers. If it is properly handled with effective local exhaust ventilation or containment, respiratory protection may not be needed. For procedures involving larger quantities or dust/aerosol generating procedures such as weighing or a large transfer of liquids, an air-purifying respirator with NIOSH approval for dusts and mists may be needed. The choice of protection should be based on the job activity and the potential for exposure.

**Other:** Wash hands, face and other potentially exposed areas after handling material (especially before eating, drinking or smoking). Clean protective equipment thoroughly after each use.

#### 8.3 Environmental exposure controls

**Environmental Exposure Controls** Avoid release to the environment.

## Safety Data Sheet

Revision Number: 8

Date Issued 20-Jan-2017

### 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance:	Clear
Physical State:	Liquid
Molecular Weight:	141.8 kDa
Odor:	No information available
Odor Threshold:	No information available
pH:	5.0
Melting Point:	Not applicable
Boiling Point:	Not applicable
Flash Point:	Not applicable
Evaporation Rate:	No information available
Lower explosive limit:	Not applicable
Upper explosive limit:	Not applicable
Vapor Pressure:	No information available
Vapor Density (air = 1):	No information available
Relative density:	No information available
Water Solubility:	Aqueous solution
Partition Coefficient (log Kow):	No information available
Viscosity:	No information available

### 10. STABILITY AND REACTIVITY

10.1 Reactivity	No information available
10.2 Chemical stability	No information available
10.3 Possibility of hazardous reactions	No information available
10.4 Conditions to avoid	No Information available
10.5 Incompatible materials	No information available
10.6 Hazardous decomposition products	No information available
10.7 Other information	None

## Safety Data Sheet

Revision Number: 8

Date Issued 20-Jan-2017

### 11. TOXICOLOGICAL INFORMATION

#### 11.1 Information on toxicological effects

<b>Acute Toxicity:</b>	No information available
<b>Skin corrosion/irritation:</b>	No information available
<b>Serious eye damage/eye irritation:</b>	No information available
<b>Respiratory or skin sensitization:</b>	No information available
<b>Germ cell mutagenicity:</b>	No information available
<b>Carcinogenicity:</b>	Even though this does not meet GHS classification, the following data is available: Repatha® was not carcinogenic to hamsters administered at doses of 0, 10, 30, or 100 mg/kg SC Q2W for up to 105 weeks.
<b>Reproductive toxicity:</b>	Even though this does not meet GHS classification, the following data is available: Repatha® SC administration to hamsters had no effect on male or female fertility, or early embryonic development. Repatha® SC administration to cynomolgus monkeys for up to 6 months had no effects on reproductive organ histopathology, menstrual cycling, or sperm parameters. Repatha® SC administration to cynomolgus monkeys in an enhanced pre-postnatal developmental study did not result in maternal or developmental toxicity.
<b>STOT - single exposure:</b>	No information available
<b>STOT - repeated exposure:</b>	Even though this does not meet GHS classification, the following data is available: Repatha® administered subcutaneously (SC) once weekly (QW) for up to 300 mg/kg in hamsters and cynomolgus monkeys for up to 3 or 6 months respectively, consistently resulted in reductions in serum LDL-C and total cholesterol at all dose levels tested without any adverse findings in any study parameters. These expected pharmacodynamics (PD) effects were reversible upon cessation of treatment. The no observed adverse effect level (NOAEL) in the repeated-dose toxicology studies was 300 mg/kg (the highest dose tested in each study).
<b>Aspiration Hazard:</b>	No information available

Revision Number: 8

Date Issued 20-Jan-2017

## 12. ECOLOGICAL INFORMATION

### 12.1 Toxicity

Ecotoxicity effects: No information available

### 12.2 Persistence and degradability

Persistence/Degradability: No information available

### 12.3 Bioaccumulative potential

Bioaccumulation/ Accumulation: No information available

### 12.4 Mobility in soil

Mobility in Environmental Media: No information available

### 12.5 Results of PBT and vPvB assessment

Results of PBT and vPvB assessment: No information available

### 12.6 Other adverse effects

Other Adverse Effects: No information available

## 13. DISPOSAL CONSIDERATIONS

### 13.1 Waste treatment methods

Waste Disposal Method: The Repatha® on body infuser contains 3 silver oxide batteries. Dispose of waste according to prescribed federal, state, local and competent authority guidelines.

## 14. TRANSPORT INFORMATION

DOT Not regulated by U.S. DOT or IATA

# Repatha® Safety Data Sheet

Revision Number: 8

Date Issued 20-Jan-2017

## 15. REGULATORY INFORMATION

### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

#### International Inventories

TSCA:	-
EINECS/ELINCS	-
DSL/NDSL	-
PICCS:	-
ENCS:	-
CHINA:	-
AICS:	-
KECL:	-

#### Legend

TSCA - United States Toxic Substances Control Act Section 8(b) Inventory  
EINECS/ELINCS - European Inventory of Existing Commercial Chemical Substances/EU List of Notified Chemical Substances  
DSL/NDSL - Canadian Domestic Substances List/Non-Domestic Substances List  
PICCS - Philippines Inventory of Chemicals and Chemical Substances  
ENCS - Japan Existing and New Chemical Substances  
IECSC - China Inventory of Existing Chemical Substances  
AICS - Australian Inventory of Chemical Substances  
KECL - Korean Existing and Evaluated Chemical Substances

#### State Regulations

**California Proposition 65:** This product does not contain any Proposition 65 chemicals.

### 15.2 Chemical safety assessment

No CSA has been conducted.

## 16. OTHER INFORMATION

#### Text of R phrases mentioned in Section 2

No information available
